Iowa Senator Randy Feenstra Running For 4th Congressional District

HULL, IOWA—9 January 2019—Today, Iowa’s State Senate Assistant Majority Leader and Ways and Means Chairman Randy Feenstra (R-HULL) will open a federal campaign committee, taking the first steps in his campaign for the republican nomination in Iowa’s 4th Congressional District in 2020. Serving his third term in the Iowa State Senate, Feenstra pointed to the need to provide President Trump with a strong voice who can help protect and advance a conservative agenda for America.

“What we’ve seen this past week from the new Democratic majority in Congress is appalling,” Feenstra explained. “They’ve made it clear that they want nothing less than to raise taxes to historic levels, ignore the rule of law and undue the successes made by President Trump. The President needs effective conservative leaders in Congress who will not only support his agenda, but actually get things done.”

A staunch conservative, Randy Feenstra has a long list of accomplishments in the Iowa Legislature. Senator Feenstra was a key architect of last year’s historic state income tax cut, the largest in Iowa’s history. Feenstra also led the way on

reducing property taxes for Iowa's working families and seniors. He's been a champion of rural Iowa, defending Iowa agriculture, a supporter of renewable fuels and a proponent for Iowa's main street businesses.

Feenstra also has a long record of results protecting Iowa's shared conservative values. He's been a leading voice defending life and protecting the 2nd Amendment rights of Iowans. And as a co-sponsor he helped protect the integrity of Iowa's elections by passing Voter ID legislation.

"Today, Iowa's 4th District doesn't have a voice in Washington, because our current representative's caustic nature has left us without a seat at the table," Senator Feenstra concluded. "We don't need any more sideshows or distractions, we need to start winning for Iowa's families."

As the next Congressman from the 4th District, Randy is committed to securing our borders, balancing the federal budget, simplifying our tax system and supporting job creators.

A former EMT and Sioux County Treasurer, Senator Randy Feenstra and his wife, Lynette, reside with their four children in his childhood hometown of Hull, IA. Prior to serving Iowans as an elected official, Feenstra spent seven years working in the private sector for the Foreign Candy Company leading a regional sales team. Senator Feenstra currently serves his community as a member for the Village Northwest Unlimited Board, Treasurer of the local Kiwanis Club, and as a full-time business professor at Dordt College.
